# Preface

---

The architect-engineer (A-E) CADD deliverables standards manual contained herein was prepared by a committee composed of Tri-Service (i.e., Department of Defense (DoD) Air Force, Army, and Navy) personnel experienced in computer-aided design and drafting (CADD) technology and in A-E contracting procedures and requirements. The manual consolidates A-E CADD deliverables guidelines developed by the Surveying and Mapping Field Working Group and various Corps of Engineers District, Navy, and Air Force offices and installations.

The preparation of the manual was funded through the Tri-Service CADD/GIS Technology Center (TSTC), Information Technology Laboratory (ITL), U.S. Army Engineer Waterways Experiment Station (WES), Vicksburg, Mississippi. The report was prepared under the direction of Dr. N. Radhakrishnan, Director, ITL, and Mr. Carl S. Stephens, Chief, TSTC. The TSTC functions under the guidance and direction of the Executive Steering Group composed of Dr. Robert Wolff (Air Force), present chairman of the group; Mr. Harry Zimmerman (Navy); BG Robert Herndon (Army); Dr. Get Moy (Office of the Secretary of Defense

(OSD)); and Mr. Richard Armstrong (Army). The goals and objectives of the TSTC are reviewed and guided by the Executive Working Group, currently chaired by Mr. Hugh Adams (Army), and composed of Mr. Deke Smith (Navy), Mr. Stan Shelton (Army), LtCol Mike Kaminskas (Air Force), Mr. Don Ritenour (Air Force), Mr. M.K. Miles (Army), Mr. Jim Carberry (Navy), Mr. Tom Rutherford (OSD), and Mr. Paul Herold (Coast Guard).

Authors of the manual include Messrs. Bobby G. Carpenter, TSTC, ITL, WES; Paul Flamm, U.S. Army Engineer District, Kansas City; Tom Phelps, Naval Facilities Engineering Command; Jimmy Reaves, U.S. Army Engineer District, Mobile; Tony Joyce, Headquarters Naval Facilities Engineering Command; Gary Huneycutt, Headquarters Air Force Center for Environmental Excellence, and MSgt. David Weeks, Patrick Air Force Base.

During the publication of this report, Dr. Robert W. Whalin was the Director of WES, and COL Bruce K. Howard, EN, was the Commander.
